Nishant Sahu

Full Stack Developer | **MERN Stack**
Durg, Chhattisgarh | 6268385553 | nishantsahu258@gmail.com
LinkedIn | GitHub | Portfolio

Technical Skills

Languages: JavaScript (ES6+), HTML5, CSS3
Frontend: React.js, Vite, Tailwind CSS, React Router, Context API, Custom Hooks, GSAP
Backend & APIs: Node.js, Express.js, REST APIs, JWT, bcrypt, Server-Sent Events, Google Gemini API
Security: CSRF Protection, CORS, Rate Limiting, Helmet, HttpOnly Cookies, Input Validation
Database & Storage: MongoDB Atlas, Mongoose
Tools & Deployment: Git, GitHub, Postman, VS Code, Vercel, Render, ESLint, Integration Testing

Projects & Development Experience

Aura AI – AI Chat Application | *React, Node.js, Express, MongoDB, Gemini API* | GitHub | Live Demo
- **Built:** Full-stack AI chat app with a React UI, an Express REST API (**10+ endpoints**) and MongoDB Atlas storage for chats and images; live on **Vercel + Render**.
- **Real-time streaming:** Gemini replies appear word by word using Server-Sent Events; the **Stop** button cancels the upstream call and saves the partial answer.
- **Reliability:** Retries with backoff and automatic fallback across **8 Gemini models**, so a **503/429** error does not break the chat.
- **Security & cost control:** API key kept on the server, Helmet, CORS allowlist, rate limiting (**20 msgs/min**), daily usage cap and **5 MB** image validation.

ELUME – E-Commerce Application | *React, Node.js, Express, MongoDB, JWT* | GitHub | Live Demo
- **Built:** React storefront (search, URL-synced filters, cart, wishlist, checkout) with an Express + MongoDB auth API: register, login, session restore, profile update.
- **Secure login:** Replaced plain-text browser passwords with bcrypt hashing and JWT in **HttpOnly cookies**, so client-side JavaScript cannot read the token.
- **Attack protection:** CSRF Origin/Referer checks and login rate limiting (**20 attempts per 15 min**) against forged requests and brute force.
- **Tested: 29 integration tests** on an in-memory MongoDB cover login, cookies, protected routes and CSRF rejection.

Personal Developer Portfolio | *React, Vite, Tailwind CSS, GSAP* | GitHub | Live Demo
- **Built:** Responsive React portfolio with GSAP scroll animations, custom cursor and canvas ripple effect; live on **Vercel** with sitemap and robots.txt for SEO.

Certifications & Achievements

Oracle Certified Foundations Associate – Agentic AI | *Oracle* | Verify Credential — Aug. 2026
- Earned the Oracle Certified Foundations Associate credential in Agentic AI.
- Passed the certification examination with a 90% score against a 65% passing score.

Education

Shri Shankaracharya Professional University — Bhilai, Chhattisgarh
Bachelor's Degree in Computer Applications (BCA) — *Expected Graduation: June 2028*
Amresh Sharma Public School — Durg, Chhattisgarh
Class XII — Science | CBSE — *2022*
Amresh Sharma Public School — Durg, Chhattisgarh
Class X | CBSE — *2020*
